

Earthquake Evacuation Drill Notice

The school will hold the Earthquake Evacuation Drill on National Disaster Preparedness Day, Tuesday, September 29, 2020. All students and faculties must participate in this drill.

Earthquake Drill Procedure:

1. 9:10 a.m., a video on Natural Disaster Prevention will be played in every classroom.
2. 9:21 a.m., after hearing the earthquake broadcasting, take protective action immediately according to the Three Action Steps:
 - 1st Drop
 - 2nd Cover
 - 3rd Hold On
3. 9:22 a.m., after hearing the emergency evacuation broadcasting, follow the teacher's instructions, and immediately go to the designated evacuation areas.
 - Leave the building in a quiet and orderly manner.
 - Do NOT use the elevator.
 - Use books, backpacks, or anything available to protect your head.
4. Upon reaching the designated evacuation area, please wait, and the assigned personnel will take a roll call.

If you are attending a seminar, research activity, or conducting an experiment, you should continue your activity, and then report to the Military Education Office after the drill.
